Order your classic hopscotch custom floor stencils today! In addition to classic hopscotch custom floor stencils, other custom stencils are available.

A classic never gets old! But just in case, we added a ton of color to give this classic a custom stencil upgrade. Hop from space to space using a marker to toss and collect. Hopscotch games strengthen balance and endurance and the use of numbers reinforces mathematical skills. Repeat the stencil in different themed colors to reflect school colors, a particular region or seasonal colors. This also can be used as a graphic on the floor or wall and use for creative play. Use with the other classic games such as the "[Skelly Board](#)," "[Circle Up Small](#)" or "[Four Square/Boxball](#)" stencils to create a nostalgic theme. Or match up with a similarly sized [Modern Hopscotch](#).

Size: Approximately 2.5 ft. wide by 7 ft. 7 inches high.
